

As an experienced residential Real Estate Broker who has worked with buyers and sellers in the Willamette Valley & surrounding areas, I am knowledgeable and understand the needs of buyers and sellers in the area. I have a true passion for people and home and work hard to provide a high level of care for my clients and I will work just as hard as a member of the board to advocate for agents in the valley. As a member of the Mid-Valley Association of Realtors (MVAR) as well as a member of the National Association of Realtors (NAR) I am heavily invested in the community, and I have a long history of volunteering for local organizations as well as being a prior member of the events committee. As an Oregon native, I am committed to the health of real estate in the valley and look forward to serving you as a member of the Board of Directors.
